

THE SOUTHERN COMPANIES ARE NOT IN TRUST

PROMINENT SOUTHERN NAVAL STORES MAN IN NEW YORK IN COMPANY WITH T. A. JENNINGS GIVES NEW YORK PAPER INTERVIEW DENYING ANY CONNECTION WITH TRUST.

The New York Herald of recent date, commenting upon the turpentine trust and naval stores conditions generally, contains the following interview with J. A. G. Carson, a prominent naval stores man of Savannah, who is well-known throughout the south.

"J. A. G. Carson, president of the Carson Naval Stores Company and also president of the Savannah Board of Trade, stated yesterday at the Hotel Woodward, Fifty-fifth street and Broadway, where he is stopping in company with T. A. Jennings, president of the Jennings Naval Stores Company of Pensacola, Fla., that the concern of which he is the head is not identified with the American Naval Stores Company which is popularly known as the Turpentine Trust. It had been stated that the two concerns were associates of the trust, but this is denied.

"The Carson Naval Stores Company is not connected with the American Naval Stores Company, directly or indirectly, in any way," declared Mr. Carson. "Neither corporation owns, holds or is interested in a share of stock in the other corporation. Carson Naval Stores Company is a strictly independent concern, minding its own business, pursuing the even tenor of its way, and has always avoided entangling alliances."

"Mr. Carson also stated that other concerns which are not affiliated with the trust are Chestnut & O'Neill, Naval Stores Factors; the Producers' Naval Stores Company, the Southern States Naval Stores Company and F. J. Jones & Co."

STREET WORK WORRIES VIOLATORS

Street cleaning and a visit to the county jail seem to be the two things that strike terror to the hearts of the regular violators of city ordinances and it is noticeable that since the recorder has turned a number over to the county and the council called for work of prisoners on the streets in the day time that the arrests have been more scattering. A few weeks back they were rounded up by the police in large numbers but now they are more wary about being drunk and disorderly.

There is still plenty of outdoor work for the violators to do for the board of public works instructed the street superintendent to use prisoners on several jobs at the last meeting of that body.

WASHERWOMEN IN LARGE NUMBERS

There seems to be more wash women in the city than any one had any idea of. Up to date over five hundred of them have registered at the police station and have received cards bearing their number. Chief Sanders expects that the number will be swelled, possibly to a thousand, before the women are done registering.

D. A. R. OPEN LIVELY CAMPAIGN

New York, Oct. 7.—Candidates for the office of president general of the Daughters of the American Revolution have opened a campaign which promises to be the most fiercely waged contest in the history of the big national organization of women. Several thousand members of the patriotic society will be deluged with campaign literature from the rival parties. Following the endorsement at the state D. A. R. conference at Cooperstown, N. Y., of Mrs. William Cummins Story as candidate for president general the opposing factions began at once sharpening their campaign weapons to defeat Mrs. Matthew Scott, present head of the society. The D. A. R. faction which Mrs. Donald McLean has successfully headed for some time dubbed the rival faction, to which Mrs. Story, the defeated candidate at the last election, belongs, as the insurgents. The Story faction vehemently resented this title and officially declared themselves as the conservative wing of the organization. Mrs. Donald McLean, former president general, who as Mrs. Scott's campaign manager helped elect her head of the Daughters, announced Mrs. Scott's candidacy for reelection some time ago. Mrs. Scott will run again in spite of what the opposition says.

The heavy rains which have been visiting this section of the country have done no material damage in Baldwin county, according to the best authority. The rain has not fallen in torrents as it has in many places, but came in a steady mist-like fall. The cold weather following the rain will not damage the cotton crops as the season is too far along for any great damage to result. The other crops have for the greater part been harvested. No floods have been reported.

The management of the Baldwin County Fair and Racing Association has issued notices that there would be first class racing at the fair this fall and that a purse has been set aside for that purpose. They are entering some good horses and ponies and the lovers of racing are assured of something good. The track is in fine condition for the events and competent judges have been appointed to oversee the sport. Several ball games between the local team and other county teams have also been scheduled for the fair week.

The following patients and visitors have arrived at the Campbell Sanitarium during the week: D. M. Mills, Florida, Ala.; E. F. McKenzie, Montgomery; R. M. Addiss, Montgomery; J. O. Holmes, Hattiesburg, Miss.; J. H. Hollingsworth, Grove Hill; W. L. Jennings, Hattiesburg, Miss., and H. W. Heslin, Jackson, Miss.

The Baldwin county progressive Republicans in their recent meeting nominated and certified to the probate judge the following complete county ticket: Representative, John Schweitzer, of Daphne; probate judge, James B. McCall, of Summerdale; circuit clerk, Felix W. Belser, of Loxley; sheriff, J. L. Crouch, of Foley; commissioner of second district, Charles E. Aylin, of Bay Minette; for fourth district, R. J. BURNING HOUSE MAKES BIG LIGHT

A frame house owned by J. D. Waters on the corner of Davis and Belmont streets was discovered to be on fire at midnight last night and the department responded, promptly extinguishing the flames before the entire building had been consumed. The reflection from the flames consuming the six room cottage had the appearance of being from a large two-story building and many people thought that the Garfield ice factory was on fire.

A strong smell of kerosene was in the air about the house when those who first reached the building got there and it is thought that the fire was of incendiary origin. While a part of the house is left standing the loss is almost a total one.

CUTICURA REMEDIES CURED PHYSICIAN

Of Eczema. Now Prescribes Them and Says They have Cured when Other Formulas Failed. Proclaims Their Virtues to the World.

"THEY ALWAYS BRING RESULTS"

My face was afflicted with eczema in the year 1897. I used the Cuticura Remedies and was entirely cured. I am a practicing physician and very often prescribe Cuticura Resolvent and Cuticura Soap in cases of eczema, and they have cured where other formulas have failed.

I am not in the habit of endorsing patent medicines, but when I find remedies possessing true merit, such as the Cuticura Remedies do, I am broad-minded enough to proclaim their virtues to the world. I have been practicing medicine for twenty years, and must say I find your Remedies A No. 1. I still find the Cuticura Remedies as good as ever. They always bring results. (Signed) G. M. FISHER, M.D., Dec. 4, 1909. Big Pool, Md.

DOCTOR RECOMMENDED CUTICURA REMEDIES

When I was ten or twelve years old I had a scalp disease, something like scald-head. I suffered for several months and most of my hair came out. Finally they had a doctor to see me and he recommended the Cuticura Remedies. They cured me in a few weeks. I have used the Cuticura Remedies, also, for a breaking out on my hands and was benefited a great deal. I haven't had any more trouble with the scalp disease. (Signed) Miss JESSIE F. BUCHANAN, Jan. 7, 1909. R. F. D. 3, Hamilton, Ga.
